

CV 10: Engineering Manager

Contact Information

- **Name:** Mark Robinson
- **Location:** San Francisco, CA
- **Email:** mark.robinson@email.com
- **LinkedIn:** [linkedin.com/in/markrobinson-engm](https://www.linkedin.com/in/markrobinson-engm)

Education

- **University of California, Berkeley**
 - MS in Electrical Engineering and Computer Science
 - Graduated: May 2014
- **Cornell University**
 - BS in Computer Science
 - Graduated: May 2012

Past Experience

- **Senior Engineering Manager, Cloud Company** (January 2021 - Present)
 - Manage a team of 15 software engineers responsible for the core infrastructure of a cloud service.
 - Defined and executed the team's technical strategy and roadmap, leading to a 25% improvement in system reliability.
 - Mentored and coached engineers, fostering a culture of technical excellence and growth.
 - Managed the team's budget, hiring, and performance reviews.
- **Software Engineering Manager, Fintech Startup** (June 2018 - December 2020)
 - Built and led a team of 8 engineers from the ground up, scaling the engineering organization to support rapid growth.
 - Oversaw the successful launch of a new product feature, collaborating with product and design teams.
- **Software Engineer, Search Engine Company** (June 2014 - May 2018)
 - Contributed to the development of a large-scale search ranking system.
 - Improved system performance and latency through algorithmic optimizations.

Skills & Technologies

- **Management:** Team Leadership, Mentorship, Performance Management, Hiring & Onboarding

- **Technologies:** Full-Stack Development, Cloud Infrastructure (GCP, AWS), Microservices, CI/CD
- **Tools:** JIRA, Git, Docker, Kubernetes, New Relic
- **Concepts:** Agile/Scrum, System Architecture, Scalability, Reliability Engineering

Additional Information

- Regularly speaks at engineering leadership and management meetups.
- Successfully led the team through a major technology migration, with zero downtime.
